

A STRING OF HOPE

2020 FOCUS

1.

SPREADING THE MESSAGE &
COMMUNITY OUTREACH

2.

GRANT-SEEKING & CHARITABLE
CONTRIBUTIONS

OBJECTIVE 1

Connect with leaders in the community specifically of the Education, Manufacturing, Political, Public Health and Judicial sectors. To share our mission and convey the necessity and benefits of the ASOH learning center.

OBJECTIVE 2

Funding for the facility by applying for state/federal and private grants. Also seek corporate sponsorship specifically targeting the manufacturing field as they will directly benefit.

MISSION

A String Of Hope is 501(c)(3) charity taking steps towards opening a community learning center in the Cincinnati, Ohio area that will serve many roles for the community including: Free woodworking/life skills courses, group recovery meetings, co-op placement opportunities, and juvenile reform alternatives.

Our primary focus will be on high school students as well as young adults seeking recovery. Statistics show that the earlier a teen starts experimenting with drugs and alcohol, the more likely the behavior will develop into an addiction or substance use disorder.

We believe creating an environment where our youth feel safe to talk openly and learn about addiction while also learning to be a productive member of society is the key to prevention.

GOALS

- Reinvigorate the idea that working with your hands is an important and valued trade desperately needed in our communities.
 - Positively impact the devastation created by the substance abuse epidemic by connecting individuals to their purpose.
 - Save lives and protect the future of our communities.
